# The Experience

While we are all used to posing for cameras, getting sketched is an experience most people have never had.

Being captured through the eyes of an artist involves a meaningful exchange in which the subject feels truly seen.

My live sketching services add a unique touch of meaning and memory to your wedding day.

# The Style

Quick sketch training in Classical (hand-drawn) Animation and a love of fashion have combined in my appealing style of full body, full colour sketches, designed using pencil and watercolour paints.

# Ceremony Scene

Capture your scene of choice with the bride and groom in an original watercolour painting, plus celebrate a selection of your loved ones in sketches.

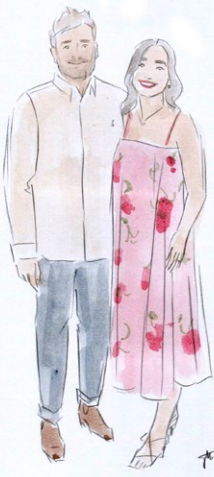

## Sample Ceremony Scene Package

**Base Package \$1250**

1 x A4 watercolour painting of bride and groom with full background  
A5 sketches of 18 people (total) on watercolour paper  
Digital files of all the artwork

**Upgrade to A3 watercolour painting and A4 sketches \$1810**

Pose for a quick photo on my device and I'll create original custom painted sketches of you and your guests while you celebrate!

A5 cardstock paper is customized with your wedding details for lasting memories. The finished sketches are scanned and enclosed in clear cellophane envelopes.

Your guests can take their sketches once complete or they can be reserved for you to disperse afterward as thank yous.

**Base Rate \$34 per person**

Approximately 6 people per hour can be sketched on A5 paper

Up to 30-40 people can be completed on site

Remaining sketches will be completed and sent to you within 1 week

Bulk rates apply above 40, 70, and 100 people

# Included with Guest Sketching

## Digital File of Sketches & Photos

The original sketches are all scanned with my portable scanner and compiled with the reference photos into a PDF file which you'll receive via email within 1 week after your wedding.

## Video Reel of Sketches

A reel of all the sketches accompanied by your wedding song is also emailed and uploaded to my website for viewing.

## Customised Sketch Paper

Your names and wedding date in the style of your invitations is printed either on the front or back along with a QR Code for guests to download their scanned sketch and reference photo, as well as watch the sketch reel.

## Delivery of any Remaining Sketches

Any remaining sketches will be completed within 1 week after your wedding and delivered in person or by express post.

# Customised Sketch Paper

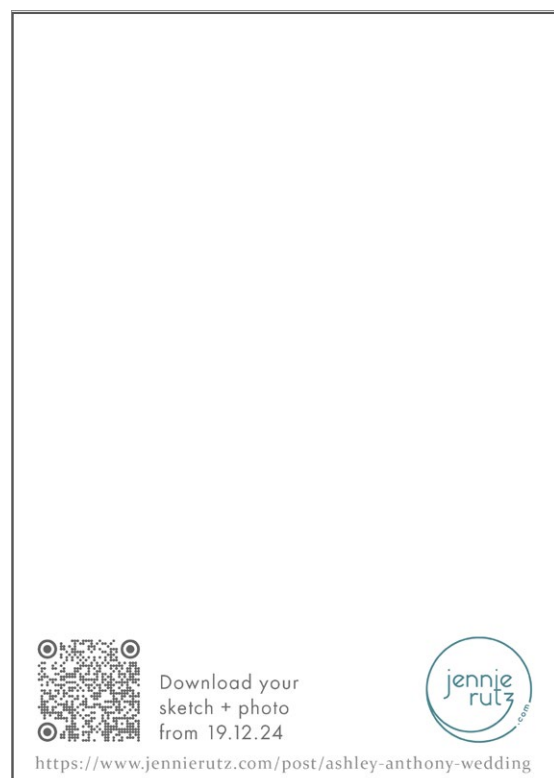

Upon booking I will request images of your wedding invitation to reference for the design of your customised sketch paper.

Some couples elect to have their names and date on the front top or bottom along with the sketch, others prefer only the date on the front or all the details on the back with the QR Code so as not to detract from the sketch itself.

You'll have the opportunity to request changes and approve the design prior to printing.

# Setup

I require a table (minimum 1m in length) and chair at regular height in a well lit, undercover area. Beside my table I display a sign with instructions and hang the completed sketches underneath.

To minimize delays and distractions, it works well if I can photograph guests as they arrive for the ceremony, then I sit down to work at my table in the canape/post ceremony area while the ceremony is taking place.

This way I get a head start on sketching and your guests are delighted to find some sketches already completed when they arrive following the ceremony.

When you and your wedding party arrive, I will also take your photos.

"Jennie brought our wedding moments to life through her skillful live sketching and it was a huge hit with our guests! Everyone was amazed by her ability to quickly turn candid moments into beautiful and personalised keepsakes. This added an extra touch of magic to our special day. We highly recommend Jennie for an unforgettable addition at your wedding or any other event."

"The most complimented part of our wedding day!! Jennie brought pure magic to the reception. Everyone absolutely loved their sketch and were so excited to bring it home on the day. The video she created afterwards is so so special to us! She was so kind and cheerful and brought such a nice energy to the day as well! Would recommend 100%, cheers Jennie!"
